

1.2 Confirm your email

For security, you **can't sign in before confirming your email**.

1. Open the "**Confirm your email**" message from Rezvy (check spam too).
2. Click the confirmation button.
3. You'll see a success page with a **sign-in** link.

“ ?  — "Check your email" page with the address and the resend button. Confirm email

“ ?? **Didn't get the email?** The "Check your email" page has a **Resend** button. Make sure the address is correct. Emails are sent via our provider (Brevo) — on some corporate domains they can take a few minutes.
